

Summer lecture day: Genomics and proteomics in experimental laboratory

June 12, 2017

CEITEC MU, University Campus Bohunice

Kamenice 5, Brno, Czech Republic

Join us in June!

Join us and other leading scientist in exciting lectures that is dedicated to overview of approaches used in present genomics, proteomics and experimental biology.

We are excited that experts on different fields come together to present theoretical principles and practical applications of widely used scientific and research methods.

LECTURES WILL COVER:

- Genome editing
- Genomic data analysis
- Proteomic analysis
- Proteomic data processing
- Practical examples of experimental proteomics
- Protein-DNA interaction analyses

SPEAKERS

Neil Dear, EMBL

Jan Provazník, EMBL

Zbyněk Zdráhal, CEITEC MU

Vítězslav Bryja, Faculty of Science, MU

Ctirad Hofr, CEITEC MU

The lecture day programme and registration is available **HERE**.
