

05/09/2014

FRIDAY

from 10:00

Brno, Masaryk university Campus

building A11, room 132

Frontiers in Cryo-Electron Microscopy

PROGRAMME

- 10:00 – 10:30 Registration and refreshments
- 10:30 – 10:45 Introduction: **Markus Dettenhofer / Vladimír Sklenář**
- 10:45 – 11:10 **Peter Fruhstorfer, FEI**
- 11:10 – 12:00 **Wolfgang Baumeister**
Structural Studies of the 26S Proteasome:
Outside and Inside the Cell
- 12:00 – 13:00 Lunch
- 13:00 – 13:50 **Alasdair Steven**
The Molecular Anatomy of Complex Viruses:
Localizing Internal and External Components
- 13:50 – 14:40 **Christian Spahn**
Structural Dynamics of the Translational Apparatus
by Multiparticle CryoEM
- 14:40 – 15:00 Break
- 15:00 – 15:50 **David DeRosier**
The Future Ain't What It Used to Be
- 16:00 – 18:00 Reception and guided tours to the CryoEM facility
